

## Our Services

The following services are provided at NO COST to our families:

### Early Childhood Education

For children ages birth to five whose parents are enrolled in our program, we provide a high-quality, nurturing environment in a NAEYC accredited setting. The teaching staff and program directors at all three centers are professionally trained to meet the needs of children using best practices and reflective thought processes.

### Counseling and Family Support

Angels' Place is fortunate to have a Family Support Specialist who spends one day per week at each site providing individual counseling sessions as requested by enrolled clients, assisting with resource identification and referrals and helping parents to pinpoint and accomplish individual goals.

### Assistance with Practical Needs

Angels' Place strives to provide the resources needed for parents and children to succeed. Each of our sites maintains a clothing donation room and a food pantry to support families as needs arise. Angels' Place also provides food and clothing to non-enrolled community families in need.

### Client Commitment

Parents enrolled in Angels' Place commit to three things upon enrollment: 1) maintaining passing averages in all coursework; 2) participating in a parenting class (offered onsite) one hour per week; and 3) completing two hours per week in volunteer service at their center. The "Parent Pledge" is vastly important and unique to Angels' Place.
